

THIS IS YOUR CAPTAIN SPEAKING ...

Fellow Nomads,

It is with sincere regret that I inform of the resignation from Natal nomads of your immediate past Captain Mark Bryant.

Mark has accepted an employment opportunity in the Southern cape and has already relocated there at the start of 2010.

Mark has been a Natal nomad for the past 16 years and has served in various committee positions incl. that of the prize coordinator for some 18 months before accepting the position of junior vice captain in 2007 and successfully completing his Captaincy year in 2009.

Mark is not lost entirely to nomads as he will transfer to Southern Cape nomads in 2010. I am sure he will meet up with his former Natal mates at the various anniversaries and National tournaments around the country during the year.

Unfortunately he will don the pink attire which both he and ourselves will take some time to get used to.

On behalf of all at Natal nomads we wish Mark, Carol and Josh everything of the best with their relocation and success with his new employment opportunity.

I have asked Mark to keep us updated on his movements and his progress as he settles in, so look forward to this in the February edition of the bellsheet.

Alan Lukan
Captain 2010
